## New stuff on board.

We keep on extending our offer and creating innovative solutions. Thus making the use of our products a real pleasure. Careful manufacturing and the usage of high quality materials turns each prototype into a bestseller.

Wow

# Reinvent the moment.

### Global innovation: toile ocean, the first book cloth made from ocean plastic.

The notebooks covers are made with a new material woven mainly from recycled ocean plastic waste along the coasts of Thailand, the Philippines and Indonesia.

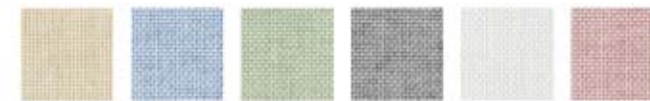

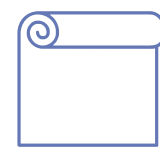

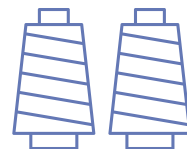

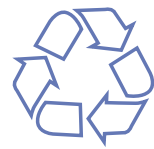

The plastic is mechanically compressed into a granulate in an award-winning process and finally spun into a yarn.

There are 6 colors of the fabric to choose from.

# Adhesive note pads.

## First aid for ideas.

Adhesive note pads – the best way to write down important information at home, at work or during training sessions. Thanks to the adhesive layer, the notes can be left virtually everywhere and they can be attached repeatedly so the information stays available. They help to organize, synchronize and tidy your work, studies or leisure time. Very useful when you want to remind your loved ones about something important.

Each of the attached notes, in spite of the individual information, also carries an advertisement, ubiquitous just like them. We offer a wide array of adhesive note pads to meet all expectations.

# Note cubes.

## Look, write, rest!

Something more than just a set of pages. Due the possibility of printing an advertisement on each side of the cube, the presented information becomes more visible. At the same time, note cubes are highly practical – always close at hand whenever an unexpected necessity to write something down occurs. In brief – a note cube is an office must have! We offer standard or adhesive note cubes.

# Magnetic note pads.

## Magnetic force of attraction.

Magnetic note pads allow information to be left in unexpected places and can change the purpose of the area in which they are posted. Their high visibility and ease of placement make them especially useful and including a logo can draw additional attention to a brand. Magnetic note pads occur in various shapes and colours in either standard or adhesive form.

# Standard note pads.

## Stop for a moment... and write.

A good solution for those who value more traditional way of writing down information. Standard note pads occur in various shapes and sizes. They can be used for making notes, letters, to-do lists, or notes during trainings or lectures. They are particularly useful when gathering information for a longer time.

Standard note pads often become inseparable companions of employees and thus, with your company's logo depicted on them, can help to influence positively on a company's image.

# Calendars.

Space for  
your dreams.

Essential office and house equipment. Calendars allow their owner to organize work and duties as well as plan days off. They add a sense of control over everyday chaos and, due to their presence in visible and important places, they are an ideal medium for advertisements.
